# Uncover New Horizons.

For those who see travel as more than just reaching the end, the Hyundai PALISADE Hybrid stands ready. Equipped with progressive hybrid innovation, a powerful silhouette and seamless performance, it's where exploration meets efficiency.

# Engineered for Unique Travel Experiences.

Experience the Hyundai PALISADE Hybrid, where new technology, comfort and smart performance make every drive special.

# It Begins with an Impression.

The PALISADE Hybrid commands attention with its confident front stance and distinctive LED lighting accents that illuminate only when called upon. Its presence and precision are felt even before your journey begins.

## A Bold Exit.

With a wide, sporty stance and smooth rear design, the PALISADE Hybrid makes every exit noticeable. Its distinctive details and strong look ensure you are remembered long after you're gone.

# Next Generation Hybrid System

Hyundai's next-generation hybrid system significantly improves upon the traditional TMED\* system with its innovative dual-motor design.

One motor is dedicated to power generation, while the other drives the wheels, unlike the existing single-motor hybrid system.

Combined with enhanced regenerative braking and engine, the system extends all-electric driving range and maximizes fuel efficiency.

#### Constant Speed Efficiency:

Hyundai's hybrid system automatically switches between petrol and electric power to optimize efficiency. Transitions are seamless, resulting in improved fuel efficiency and a smooth, refined driving experience.

#### Paddle Shift-Regenerative Braking Mode:

Repurposes the steering wheel paddles to control how sharply the car slows down when you let go of the gas pedal.

# Instinctive Grip, Confident Control.

From busy city roads to open highways and challenging terrain, the PALISADE Hybrid adapts effortlessly with intuitive drive and terrain modes. Switch between Eco, Sport, Snow, Mud and Sand to achieve the ideal mix of power, efficiency and assurance no matter where your adventure leads.

**Adapts to Your Drive.**  
With Eco, Sport & My Drive, the PALISADE Hybrid adjusts to how you like to drive. It gives you quick response when you want it and smooth efficiency when you need it.

# Hyundai SmartSense

Hyundai SmartSense offers 360° camera views, rear occupant alerts, and parking assistance to enhance driver awareness and safety. These features help you navigate tight spaces, monitor your surroundings, and stay protected with every drive.

**Forward Collision-Avoidance Assist (FCA, Junction Turning)**  
Alerts the driver if the vehicle ahead is slowing down too quickly or if there is the potential for a forward collision with stationary vehicles, pedestrians, cyclists ahead, or approaching vehicles on the road, and activates the brakes in the event of an impending collision. Forward Collision-Avoidance Assist also brakes automatically to avoid an impending collision with vehicles or cyclists ahead on the road or approaching from either side while making a left turn at an intersection.  
\* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.  
\* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

**Lane Following Assist (LFA)**  
Lane Following Assist helps centre the vehicle in the lane.

**Blind-Spot Collision-Avoidance Assist (BCA)**  
Blind-Spot Collision-Avoidance Assist (BCA) warns you if there is a risk of collision with a rear side vehicle in the blind-spot while changing lanes. When forward exiting a parallel-parking spot, if there is a risk of collision with a vehicle approaching from behind, it automatically assists with emergency braking.  
\* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

**Lane Keeping Assist (LKA)**  
If driving above a certain speed and the driver leaves a lane without the turn signal switch being operated, it provides a warning. When a lane departure is detected, it automatically assists with steering to help prevent leaving the lane.

# Hyundai SmartSense

Hyundai SmartSense offers 360° camera views, rear occupant alerts, and parking assistance to enhance driver awareness and safety. These features help you navigate tight spaces, monitor your surroundings, and stay protected with every drive.

## Smart Cruise Control (SCC) with Stop and Go

Smart Cruise Control (SCC) helps maintain distance from the front vehicle and drive at a speed set by the driver. Automatically stops when the front vehicle stops and automatically starts when the front vehicle departs within a short time.

\* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.

\* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

\* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

## Parking Collision-Avoidance Assist (PCA)

Reverse Parking Collision Avoidance Assist (PCA) provides a warning if there is a risk of collision with a rear object while reversing. After the warning, if the risk of collision increases, it automatically assists with emergency braking.

## Forward / Side / Reverse Parking Distance Warning (PDW)

Forward / Side / Reverse Parking Distance Warning (PDW) warns against collisions with objects around the vehicle at low speeds.

\* Advanced Driver Assistance Systems (ADAS) is designed to provide assistance with the operation of a vehicle, drivers must drive with caution at all times.

\* Functions may not operate depending on the surroundings and driving conditions. Refer to the instruction manual for details.

- The above values are results from internal testing and are subject to change after validation.
- Some of the equipment illustrated or described in this catalog may not be supplied as standard equipment and may be available at extra cost.
- Hyundai Nishat Motor (Private) Limited reserves the right to change specifications and equipment without prior notice.
- The color palettes shown may vary slightly from the actual colors due to the limitations of the printing process.
- Please consult your dealer for full information and availability on colors and trims.
- The Advance Driving Assistance System (ADAS) can't replace safe driving practices, and drivers should always use good judgment. The effectiveness of these features can vary due to factors such as weather, road conditions, driver positioning, speed, and cleanliness. Remember ADAS is just an assistance system for drivers, not a self-driving feature.
